CAA WORKSHOP: NEW DATE

"PAINTING WITH LIGHT ON FABRIC"

Christel Thompson, Instructor

MONDAY, AUGUST 10, 2015

10:00 am - 4:00 pm

San Fernando Valley Arts and Cultural Center

18312 Oxnard Street

Tarzana CA 91356

In this hands-on workshop, participants will be instructed in the use of non-toxic light-sensitive products to create intriguing two- and three-dimensional artworks on silk and cotton/muslin. Christel will also introduce examples of various substrates and methods for creating your vision or design. Exploration and experimentation are encouraged!

Christel Thompson is a Los Angeles multi-media artist hailing from the Midwest, where she had her first artistic experience as a child throwing mud pies on the back of a white farm house. From that moment, her experimental nature in art began to flourish. Christel's medium of choice is "anything she can experiment with" and ranges from mixed-media to sculpture, assemblage and alternative photographic processes. She is inspired by dreams, curiosities, birth, growth, decay, nature and music.

Christel, a two-time Emmy winner for Outstanding Graphic Design, is an active member of CAA (currently serving on the board as Philanthropy Chair) and Los Angeles Experimental Artists Group II. Her work has been exhibited in a number of galleries in Illinois and California, and she's received numerous awards in juried shows.

Class size is limited to 20 participants on a first-come, first-served basis. \$110 CAA members / \$135 non-members. Registration deadline is August 7, 2015.

Contact Workshop Chair Barbara Zager-Mathis with any questions. 818-314-9938 (cell) or louisandbarbara@aol.com (email)
